

**IF YOUR SCORE WAS 75 OR BETTER...** You have passed the test. Bring your ID back into the office after passing the drive test. You now join over two million licensed Oregon drivers who share our streets and highways. We welcome you to the ranks of licensed drivers and offer our hope that you will have a lifetime of safe and pleasant driving. As you continue to drive, you will want to improve the areas your examiner talked with you about and marked on the inside of this folder.

Most new drivers start with a clean driving record -- free of convictions or accidents. We hope you will keep your record clean by driving to avoid traffic convictions and accidents. One sure way to do this is to give your future driving the same care and attention that you gave it today during your test.

If you keep a good driving record you will not become involved in Oregon's driver improvement program. This program is designed to help problem drivers achieve better driving habits. The goal, of course, is to make highways safer by reducing accidents and the traffic violations that cause these accidents. Your driving record determines if actions are taken in this program and whether you keep your driving privilege.

**IF YOUR SCORE WAS BELOW 75 . . .** Your driving during the test was carefully examined. Your final score means you need to improve your driving and meet the minimum state standards before you get a **Class C** license.

The examiner has talked to you about the areas you need to improve. In addition, your examiner has marked these items and possibly others on the inside of this folder to remind you which driving skills need improvement as observed during the test. We suggest you keep this folder, talk it over with the person helping you learn to drive and review the Oregon Driver Manual.

**Drive test waiting time if you are 18 years of age or older:**

- 7 days** for a second test
- 14 days** for a third test
- 28 days** for a fourth test
- 28 days** for a fifth test

No more than five tests can be taken in a twelve month period.

**Drive test waiting time if you are under 18 years of age:**

You must have a valid instruction permit for a minimum of four weeks before each subsequent test will be given.

**28 days** for a second test

**28 days** for a third test

**28 days** for a fourth test

**28 days** for a fifth test

No more than five tests may be taken in a twelve month period.

We suggest you use this time to practice and improve your driving skills before attempting your next drive test. You may also want to consider taking professional driving lessons. This may provide you with more experience and better driving skills to more safely operate your vehicle on your next test.

## ***Please wait in your car and read this before you start your driving test . . .***

The test you are about to take is the last and perhaps the most important part of your **Class C** driver license examination.

You do not have to score a perfect 100% to pass. We know you're probably a little nervous. Your examiner will try to help you get over any nervousness or tension before you start driving.

Your examiner will not talk or visit with you during the test, except to give you instructions. Any discussion or questions about your skills or mistakes you may make will be discussed after you return to the starting point. This way you can keep your mind on your driving. Your examiner will not try to trick you. You will not be asked to do anything against the law. Nor will you be asked to do anything that is not a part of driving in today's traffic. If you have any questions about the test, please ask before the test starts.

During the test, the examiner will make notes on the test score sheet. The key items to be checked are listed inside. You may want to check them over now. You have 100 points at the start of the test. Points will be taken off for driving mistakes the examiner observes. Your examiner will explain your test results to you when the test ends. The test has only one purpose -- to help make sure that those who are licensed to drive know how to drive safely and legally.

Your examiner will inspect your vehicle to ensure the vehicle equipment needed during the drive test is safe, legal, and in working order. *If your vehicle is not properly licensed or does not have operable equipment or safety belts, the test will be postponed.*

Please do not smoke during the drive test. Properly adjust your mirrors. **Please turn off your electronic devices such as radio, cell phone, pager, GPS, etc.** No passengers or pets are allowed in the vehicle during the drive test. During the drive test your examiner will be an observer not an advisor. Please remove any objects from the dashboard or rearview mirror, or emergency brake area that may obstruct your vision or cause bodily harm if the vehicle stops abruptly or hinders the operation of vehicle emergency equipment.
