FLEET REGISTRATION FEE SCHEDULE

Use this schedule for fleet-registered commercial buses with a registration weight of more than 8,000 pounds, and for fleet-registered trucks and non-commercial buses with a registration weight of more than 10,000 pounds that are being added to a fleet with a single month expiration. The back of this form contains information to determine your vehicle's registration weight.

Registration fees on new or new-to-Oregon trucks or buses are calculated from the month of initial registration through the chosen month of expiration. Registration fees on trucks or buses already registered in Oregon are calculated from the current month of expiration through the chosen month. If less than 3 months remain until the chosen month, you may wish to pay an additional year's fee to ensure prompt renewal notification. In addition to the registration fee, a plate fee is required when plates are issued.

Fees paid in the middle of a month will be applied to the month in which the fees were received.

Do not use this schedule for trucks or buses not registered under the Fleet Registration Program with a single-month expiration. See Fee Schedule 6013.

IMPORTANT NOTICE FOR VEHICLES WITH COMBINED WEIGHT OVER 26,000 POUNDS

Vehicles subject to weight-mile tax through the Motor Carrier Transportation Division (MCTD) must be registered with MCTD. This applies primarily to vehicles with a registration weight of 26,001 pounds or more.

If you wish to register or renew a vehicle that has a registration weight of 26,001 pounds or more with DMV, you must certify the vehicle is not subject to weight-mile tax. Certification forms may be obtained at your local DMV office. The certification must accompany your registration or renewal application.

Vehicles with registration weights of less than 26,001 pounds also may be subject to weight-mile tax if the vehicle's combined weight is 26,001 pounds or more. This would include, for example, a vehicle used exclusively to tow manufactured structures, since the manufactured structure is not included in the registration weight, but is part of the combined weight. If the combined weight of your vehicle is 26,001 pounds or more, you must register it with MCTD.

If you do not know if your vehicle is subject to weight-mile tax, contact the Motor Carrier Transportation Division, 550 Capitol St NE, Salem, Oregon 97301-2530. The telephone number is (503) 378-6699.

REGISTRATION WEIGHT:

TRUCKS

Registration weight for these vehicles is the total empty weight of a vehicle or all vehicles in a combination (e.g., a truck and any trailers it may pull), plus the total weight of the load carried on that vehicle or combination of vehicles, minus the weight of a camper or the trailing vehicles listed below.

- (1) Trailers with a loaded weight of 8,000 pounds or less.
- (2) Special-use trailers, travel trailers, manufactured structures and fixed load vehicles.
- (3) A towed motor vehicle.

SELF-PROPELLED MOBILE CRANES

Registration weight for these vehicles is the overall weight of the vehicle plus the weight of any cables, pulleys and the boom.

MOTOR BUSES

Registration weight for these vehicles is the unloaded weight plus:

- either — 170 pounds times the maximum seating capacity (including the driver's seat) **if** the bus has a separate baggage compartment,
- or — 150 pounds **if** it does not.

When a bus does not have individual seats (i.e., bench seats), allow 18 inches per passenger seat.

TOW AND RECOVERY VEHICLES (TOW CARS)

Registration weight for these vehicles is the weight of the tow vehicle fully equipped for service, not including any part of the weight of the vehicle being towed, unless the towed vehicle includes a trailer with a loaded weight over 8,000 pounds. In this case, the loaded weight of the trailer must be included in the registration weight.

In addition to the annual registration fee, the owner of any vehicle used for tow and recovery purposes also must pay an annual \$17 permit fee for each vehicle.

HEAVY TRAILERS

Trailers with a loaded weight in excess of 8,000 pounds are registered permanently for a fee of \$10. The loaded weight of these trailers is included in the registration weight of the power unit that pulls the trailer.

MAXIMUM WEIGHT

The maximum REGISTRATION WEIGHT per single vehicle or combination of vehicles is 105,500 pounds.

Regardless of registration weight, variance permits **must** be obtained when operating in excess of 80,000 pounds combined weight or any operation that exceeds the maximum allowable weights as described in ORS 818.200. Unlike registration weight, combined weight includes the weight of any camper, trailing vehicles and their loads. Variance permits may be obtained from MCTD, Over Dimensional Permits, 550 Capitol St NE, Salem Oregon 97301-2530. The telephone number is (503) 373-0000.

PLEASE NOTE

- (1) Vehicles registered by weight up to 26,000 pounds pay a higher registration fee in lieu of weight mile tax.
- (2) Your vehicle may be subject to requirements administered by the Motor Carrier Transportation Division (MCTD). For information, you should contact the Motor Carrier Transportation Division, 550 Capitol St NE, Salem Oregon 97301-2530. The telephone number is (503) 378-6699.
