1. You can only order a file check of the National Driver Register (NDR) for your own driving record.

3. Completely fill out all portions of this form.
4. You must sign this form before a notary and have it duly notarized.

AFTER COMPLETING
THIS FORM, MAIL IT TO: 

National Driver Register
1200 New Jersey Avenue SE
Washington DC 20590-0001

5. If the NDR has a record on you, the NDR will copy the full record and will send it to you, including any older records which may have contained a reason for license cancellation, denial, revocation, or suspension. In addition, if the NDR has disclosed such information, the recipient of the information will also be identified. The NDR will provide the name and address of the State driver licensing official for each State listed as having reported information about you to the NDR.

● The National Driver Register (NDR) contains only a listing of names and related identification, provided by State driver licensing to cancel, deny, revoke, or suspend or have records of conviction of serious traffic violations. Any specific information about the driver history, or a request for the entire driver history, may be obtained only from the state(s) where the detailed information is recorded. The state(s) maintaining records are the only contacts able to correct records in error, and the NDR will correct its pointer records when so advised by a state indicating that a report previously made to the NDR is in error.

● The record content for those persons who are listed in the NDR files is limited to identification of the state(s) which have taken action to cancel, deny, revoke, or suspend or have records of conviction of serious traffic violations. Any specific information about the driver history, or a request for the entire driver history, may be obtained only from the state(s) where the detailed information is recorded. The state(s) maintaining records are the only contacts able to correct records in error, and the NDR will correct its pointer records when so advised by a state indicating that a report previously made to the NDR is in error.
