BILLING AUTHORIZATION

BUSINESS NAME			MCTD ACCOUNT NUMBER
MAILING ADDRESS	CITY	ST	ZIP

MCTD is offering a billing program to carriers in good standing that also fulfills bond requirements. This will allow any representative or driver of your company to charge fees to your account. The program is not vehicle or driver specific.

Prior to issuing an Oregon Weight Receipt and Tax Identifier (Receipt) or Temporary Receipt to a driver or company representative, a company authorization must be presented in writing or it will be obtained via telephone. If unable to obtain that authorization, a temporary pass will be issued and the fees charged to your account.

Signing this form constitutes authorization to charge fees and is not an authorization to obtain permanent credentials.

The following fees may be charged:

- Temporary Pass (including weight-mile tax fees on the pass)
- Trip Permit
- Receipt

A statement will be mailed to you once a month. Fees not paid by the due date printed on the statement may be subject to penalty and interest charges and suspension of your account.

To participate in this program, please have an authorized company representative sign below and return this form. This request will become part of your permanent record.

If you have any questions regarding this program, please call any of our MCTD field registration offices or our Salem Registration office at (503) 378-6699.

I authorize my driver(s) or company representative(s) to charge only the fees identified above to my account.
